The Ohio State Engineer

APRIL, 1933
Vol. XVI — No. 5

Published monthly by the
students in the College of
Engineering . . . The Ohio
State University, Columbus

IN THIS ISSUE

You will want to read of some of the outstanding features of the Century of Progress Exposition.

The latest methods of brake testing and adjusting are interestingly described on page 4 by Norman Linville.

Every one who rides in an automobile will be interested in "Cracking the Whip to Make Gasoline" by Morgan Jones.

And Don't forget, the Annual Engineers' Dance, May 12.

NEXT MONTH

The Oberhasli Dydro Development—An article prepared for THE OHIO STATE ENGINEER by the Official Information Bureau of Switzerland.

The SPARK PLUG will be with us again.

The new staff will edit the magazine and this year's staff will sing its swan song.

contents
